

CORE VALUES

- Integrity
- Democracy
- Participatory
- Teamwork
- Determination
- Transparency
- Accountability

OVERALL OBJECTIVE

Enhanced accountability in the delivery of planned environmental goods and services for sustainable management of natural resources that benefit all in the Lake Naivasha Basin.

Lake Naivasha Basin – Land Use Cover

GOAL

Our goal is to bring together all stakeholders in natural resources to advocate for natural resources management in the Lake Naivasha Basin.

MEMBERSHIP

Our membership ranges from Community Forest Associations, Water Resource Users Association, Beach Management Units, Civil Society Organizations, Community Based Organizations, Self Help Groups, Faith-Based Organizations to Private Alliances involved in natural resource management.

LEADERSHIP

LANABLA has a fully-constituted board of 13 elected members from various thematic areas in natural resource management in the basin.

VISION

To be a credible, reputable and informed association that effectively influences Natural Resources Management in Kenya and in the region.

MISSION

To engage and participate in sustainable natural resource management, policy formulation, equitable access through representation in the decision-making process at local, County, National, regional and Global levels.

Lake Naivasha Basin Landscape Association (LANABLA)

BACKGROUND

Lake Naivasha Basin Landscape Association (LANABLA) is a non-profit making organization. An umbrella network of Civil Society Organizations dealing in different thematic areas in natural resource management within the Lake Naivasha Basin.

Lake Naivasha Basin Landscape Association was founded in 2018.

SPECIFIC OBJECTIVES

- To lobby and advocate for environmental protection and conservation.
- To gather, process, disseminate information and promote learning and sharing.
- To build a strong network of actors to engage and influence decisions on natural resource management, equity and livelihood issues at the basin and national level.
- To strengthen the capacity of members' effective participation in natural resources management
- To mobilize resources for environmental conservation and protection in the basin.

Capacity building training

LOCATION

We are located in Naivasha next to Kenya Wildlife Service Training Institute (KWSTI).

Our geographical scope covers the entire Lake Naivasha Basin spanning across three counties viz. Nyandarua, Nakuru and Narok.

LANABLA Office

STAKEHOLDERS

At Lake Naivasha Basin Landscape Association we believe in the spirit of collaboration. We are working closely with the National government, county governments, state agencies and Non-Governmental Organizations (NGOs) involved in Natural resource Management in Lake Naivasha Basin.

ACTIVITIES

- Participation in the county's budget making process
- Community sensitization on participation in the county budget making process.
 - Advocacy on natural resource management in Lake Naivasha Basin.
 - Capacity building of members on sustainable natural resource management.
 - Participate in county and national policy.
